THE VIEW PROM HERE / PETER C. NEWMAN

PM spurns the west to woo the rest As this gries winter wones on, it becomes mercrangly evident that the federal Liberals' strategy for the coming election is based on that old

We all know the way at works. The wolk out themselves meether in redelest of expensive Scotch than of charp course), davide the country seto five regiona, and decade which they can dispense with and still win. They were deign it in Mandonald's sime, wourier freek evers and soleburns, they were doing it in the Fifties wearing three-piece suits and erem cuts, and than'to doze it now in three-nince suits and visiberry. But the calculations are the same. You can win support in one part of the position on leasurage rights, the foreness seniors the manufacturers on twitte, the and Eastern Canada assignt Alberta and Saskatchewan on the issue of oil. To the hardheaded in the Liberal Party (and that means most of its members). It makes mood some. They hold only sown wate west of the Chuno-Manisohu border Their prospects of betteress this total are marrical at best. And they know that if the Prose Minister knews on haring masks at wastern leaders they may lose what little they have. they can win - and concorvably was but - if they sweep Central Canada. House of Cornwood, The Libera's have never been surer of Ougher and Every Thursday state for months new, the best brains in the Octorio prescription have been receive to man cer a winner strategy and then are becoming as important to the federal Liberals as the tarbily controlled Murchand machine in Quebec (Their emergence is strongly reminiscent of spother group - the Walter Gordon Liberals - who not hold of the

This is nothing more or less than promote milities. If the strategy works spectacularly, its architects will be arrelanded and arrespond: if isoshed at and appearable if it fails, oh well, there's always post time beyond where it ought to no. He's using it us no area where one might expect him to be educing not more leader but Drive Minutes and marks. even states must the area of hummorine out a national policy on oil. It's easy enough to precend that you're festering national unity by had provincial meetings on oil when he urged Eastern Canada to loss him

once, to understand the nature of its rare, which sames to me to have less to do with greed than with old requalles that reight at last be righted. earney ergis, and to personde Canadians that the era of cheap energy He needed, in other words, to change the old domes of divide and in the country, consider and conquer.
